

District Events

Over the coming weeks and months, the district team will be leading many District events.

On Saturday 17th February, the Beaver section held an International Activity badge day, held at Hillside School, as part of their badge the Beavers visited Australia, South Africa, France, Asia (in particular South Korea led by Connor, one of our YL's who attended the WSJ), at each country the beavers learnt a bit about Scouts in that country, tried some food from some of the countries. In France we made Eiffel Towers, Australia, they played didgeridoos and South Africa they learnt the gumbboot dance.

In March, the cubs, will be having Daylark, and the young leaders will be attending a multi-module weekend. The big event for this year will be St Georges Activity Day, being held at Norwich School playing field, thank you to the 8th Norwich and Norwich School for letting us use the field again, Invites have been sent to groups for the event.

Other events coming up are District Camps for the Beaver and Cub sections. Beavers and Squirrels will be having the theme of Teddy Bears Picnic and Cubs will have Build it camp, both are being held at Eaton Vale Activity Centre, in June and July.

District Lead Volunteer Report.

As I write this, we're looking to the future.

After the Easter holidays, Great and Little Plumstead Scout group, will be opening the second Squirrel Drey in the District.

Paula and I ran some section leader meetings, where we asked that all leaders check their Compass details ahead of the changeover, which will now happen later than planned. Equally please send your programmes, risk assessments and nights away notification form to my Norfolk Scouts email address, which is if you don't know is, g.wilkin@norfolkscouts.org.uk, please try to give me as much notice of planned camps, so that gives me time to read everything through.

We will be holding a full district meeting on Tuesday 12th March, 7:00 for 7:30 start, this will be the main meeting for you to find out more about St. Georges day this year and ask any questions of the team.

Also, Barry has arranged some dates for First Aid training, 1st June, 21st September and 16th November, venues to be arranged, if interested please contact Barry.
